

<p>English</p> 	<p>In literacy this half term we will be writing a narrative based around the story 'Tidy' Be Emily Gravett. We will be writing our own story based on the story book and discuss issues that arise from the badger tidying. Pupils will be acting out the story using puppets and exploring their likes and dislikes when listening to the story and what else they might want to find out. Pupils will then write their own story before moving onto poetry.</p>
<p>Maths</p> 	<p>This half term will be focusing on place value to 50 and 100. Pupils will learn how to partition a 2-digit number in to tens and units, how to write words in numbers and words, find one more and one less and compare objects and numbers.</p> <p>After place value, pupils will be looking at addition and subtraction. We will be learning how to complete addition and subtraction on a number line, through drawing and through adding the tens before adding the units.</p> <p>We will continue to review number bonds to 10 and 20 during our CLIC sessions at the start of maths and counting to 100. We will also begin practising our 2s, 5s and 10 times table.</p>
<p>Science</p> 	<p>Our science topic is 'Materials'. Pupils will be taught to: distinguish between an object and the material from which it is made, identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock, describe the simple physical properties of a variety of everyday materials, compare and group together a variety of everyday materials on the basis of their simple physical properties.</p>
<p>Art</p> 	<p>Throughout our topic this about sculpture. Pupils will develop their knowledge and skills about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.</p>
