Pupil premium strategy statement

Pupil Premium Provision Strategy and Expenditure:

The Pupil Premium is additional funding allocated to schools to help support disadvantaged students, diminishing the difference between them and their peers. At Teagues Bridge Primary Pupil Premium is funding allocated to pupils who are currently looked after, eligible for free school meals and who have been eligible for free school meals at any point in the last six years. This equates to 32% of our population. The funding has contributed to a wide range of resources designed to maximise pupil potential in every possible way.

Principles:

All members of staff and governors accept responsibility for socially disadvantaged pupils and are committed to meeting their pastoral, social and academic needs within a caring environment. As with every child in our care, a child who is 'Socially Disadvantaged' is valued, respected and entitled to develop his/her potential, irrespective of need.

Background:

The Pupil Premium targets extra funding for pupils from deprived backgrounds. Research shows these pupils underachieve compared to their non-deprived peers. The premium is provided in order to support these students to reach their potential. The DfE use pupils entitled to free school meals (FSM), children of service personnel and looked after children as an indicator for deprivation and have deployed a fixed amount of money to school's per pupil. At Teagues Bridge Primary School, we will be using the indicator of those eligible for FSM as our target children to diminish the difference in attainment and progress.

The government have not dictated to schools how to spend this money but are clear that schools will need to employ strategies that they know will support these pupils to increase their attainment.

Provision:

In order to meet the above requirements, the Governing Body of Teagues Bridge will ensure that provision is made which secures the teaching and learning opportunities that meet the needs of all pupils. As part of the additional provision made for pupils who belong to the vulnerable groups, the Governors of the school will ensure that the needs of these pupils are addressed. At Teagues Bridge Primary School we have looked at the evidence regarding approaches that have been effective. We base all our approaches on identifying individual barriers. We use pupil premium to fund whole-school approaches, professional development for teachers and creating our own interventions which enable the school to design an approach tailored to our own pupils' needs.

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Teagues Bridge Primary School
Number of pupils in school	271 pupils
Proportion (%) of pupil premium eligible pupils	32%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2022 2022-2023 2023-2024
Date this statement was published	December 2023

Part A: Pupil premium strategy plan

Statement of intent

At Teagues Bridge Primary School, we have high expectations of all pupils whatever their starting point. We believe that 100% of pupils should achieve age-related expectations. The focus of our pupil premium strategy is to improve outcomes and to narrow the attainment gap between disadvantaged and non-disadvantaged pupils in school and to continue to challenge those children in receipt of PP funding that are already high attainers. We understand that not all pupils in receipt of PP funding will be vulnerable learners and the process outlined in this statement is intended to support all needs.

Our ultimate objectives are:

- ✓ To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- ✓ For higher percentages of disadvantaged pupils in school to make or exceed nationally expected progress rates.
- ✓ To support our children's health and wellbeing to enable them to access learning at an appropriate level.

We will take the tiered approach recommended by EEF to ensure that we meet individual needs and identify any barriers to learning.

1. High quality teaching: Ensuring an effective teacher is in front of every class and that every teacher is supported to keep improving is the key ingredient of a successful school. Alongside this investing in high quality CPD for staff.

2. Targeted academic support: Evidence consistently shows the positive impact that targeted academic support can have, having structured small group and 1:1 intervention, in addition to classroom teaching.

3. Wider strategies: Wider strategies relate to the most significant non-academic challenges to success in school, including attendance, behaviour and social and emotional support, which also may negatively impact upon academic attainment. Our approach will be responsive to common challenges and individual needs.

We intend to ensure that pupils in receipt for Pupil Premium funding here at Teagues Bridge are given additional support to ensure that any barriers to learning are addressed. We aim to provide pastoral support service for pupils and parents through our learning mentor and outside agencies, and through fully trained and committed staff, who are committed to the mental

health and wellbeing of all pupils. We work closely with outside agencies and invest in specialist support to meet the needs of our pupils.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Performance of PPG children in reading, writing and mathematics combined
2	Performance of PPG children at ARE and greater depth in Maths
3	Performance of PPG children with SEND and Boys
4	Emotional well-being and personal development of PPG groups to be supported by the learning mentor
5	Low motivation and resilience to challenge ~ consequently they give up easily when the work gets challenging.
6.	Poor recall of knowledge from long-term memory.
7.	Lack of social experience e.g. clubs, playing with friends etc. due to low income which can sometimes restrict experiences they are able to offer their children
8.	Lack of support with homework or reading at home.
9.	Attendance that is below 92%

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils achieve in line with their non-pupil premium peers and make accelerated progress as gaps in learning are addressed in reading, writing and maths.	The percentage of children who achieved expected standard in reading, writing and maths (combined) and are in line with national averages. ALL PPG groups will make at least expected progress.

	<p>Minutes of Pupil Progress Meetings outline targeted and effective provision that meets the needs of individuals.</p> <p>Improved results in formative assessments</p>
To improve the performance of PPG children achieving in maths.	<p>The percentage of children who achieved expected standard in maths are in line with national averages.</p> <p>Minutes of Pupil Progress Meetings outline targeted and effective provision that meets the needs of individuals.</p> <p>Improved results in formative assessments</p>
Improve performance of PPG children with SEND and boys. PPG pupils with SEND and boys achieve in line with their peers and make accelerated progress in reading, writing and maths.	<p>SEND PPG children will make accelerated progress and move in line with their peers.</p> <p>Boys who are PPG will make accelerated progress and are more in line with their peers in reading, writing and maths.</p> <p>Gender attainment gaps will be reduced.</p>
Pupils are ready to learn and develop good behaviours for learning. Pupils are able to regulate their emotions and behaviour inside and outside the classroom.	<p>Pupils engage positively in lessons and wider school life.</p> <p>Tracking behaviour records show children are involved in fewer incidents in the classroom and outside.</p> <p>Visitors to the school commend the children on their behaviour in class and outside.</p> <p>Lunch-time supervisors have skills to support children to regulate their emotions and behaviour outside at lunchtime.</p> <p>Children can talk confidently about their mental health and wellbeing.</p> <p>Children receive support to manage their mental health and wellbeing rapidly.</p> <p>EP and Behaviour Support signpost children to outside support if needed.</p>
To improve pupil's low motivation and resilience with challenging situations.	<p>Pupils learn what resilience is and strategies to develop resilience</p> <p>Quality first teaching will include strategies to improve skills of meta-cognition, self-regulation and resilience.</p> <p>Improved attendance at school.</p>
To improve pupil's poor recall of knowledge from long-term memory.	<p>Long-term memory strategies are fully embedded in every year group.</p> <p>Children know more and remember more in all subjects.</p> <p>Knowledge/memory boards consistently show recall of knowledge.</p> <p>Increase in percentages achieving ARE and ARE+ at the end of each year group in core and foundation subjects.</p>

<p>To address the pupil's lack of social experience e.g. clubs, playing with friends etc. due to low income which can sometimes restrict experiences they are able to offer their children</p>	<p>All children have the opportunity to experience clubs or trips with no financial constraints. WOW days throughout the school year give all children aspirations and ambitions to join clubs or undertake new experiences. All children to be invited to at least one club.</p>
<p>Lack of support with homework or reading at home: To provide equal opportunities for all pupil's with regards to homework and reading at home.</p>	<p>Parental engagement increases for PPG children. Parents are clear about ways to support their child with reading or homework. Pupils are offered a place at homework club and attend regularly. Pupils to be offered a place at homework club. Pupil are offered daily opportunities for reading in school.</p>
<p>Attendance below 92%: To improve the attendance of PPG so that it is in line with the national average.</p>	<p>PPG attendance analysis every month shows that the attendance of PPG is improving. Parents are kept informed of their child's attendance and supported to improve where needed through letters being sent home, attendance meetings and attendance action plans. Attendance rewards offered - Race to 100 and 100 club and these have an impact on improving attendance for those children whose attendance is low. Importance of attendance workshops by SAS crew promote the importance of attendance with the children across the school. All attendance will be 96%, which is in line with National expectations.</p>

Total Amount: **£126,470**

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching

Budgeted cost: £80,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
----------	--------------------------------------	-------------------------------

<p>Maths</p> <ul style="list-style-type: none"> • CPD – Planned in line with monitoring and evaluation to focus on – Kate Burton – Fractions and Number. Kate Burton – problem solving and reasoning. • CPD maths lead on quick recall – how to continually recall – using number sense. • Question level analysis – All teachers to use this to address individual or group misconceptions on a teacher level. • Pupil progress – teachers will be supported to track disadvantages learning journey from the previous Key stage and this will link to progress. • Monitoring and evaluation – Maths books and lessons to be monitored fortnightly. Pupil voice to feedback to staff around knowledge, pitch and enjoyment. – share information and what the children have said. Feedback to staff – ask children what they can remember. • Raise children’s enjoyment and confidence in maths. • Severn teaching alliance support for Maths lead and English lead. Targeted academic support

Budgeted cost: £53, 620

Activity	Evidence that supports this approach	Challenge number(s) addressed
<ul style="list-style-type: none"> • Year 4 and 5 targeted for 1:1 tuition with a focus on Maths (targeted for ARE and GDS as appropriate). 	<p>One to one tuition EEF (educationendowmentfoundation.org.uk)</p> <p>EEF Evidence indicates that one to one tuition can be effective, providing approximately five additional months' progress on average. Evidence also suggests tuition should be additional to, but explicitly linked with, normal teaching, and that teachers should monitor progress to ensure the tutoring is beneficial and this is why at Teagues Bridge, we will use our own teachers only to deliver tuition to children in their own key stage as evidence demonstrates this is more effective. Studies comparing one to one with small group tuition show mixed results. In some cases one to one tuition has led to greater improvement, while in others tuition in groups of two or three has been equally or even more effective. The variability in findings may suggest it is the particular type or quality of teaching enabled by very small groups that is important, rather than the precise size of the group and so we will provide tutoring in groups of up to 2 children.</p>	<p>1,2,3,5 and 6</p> <p>Allocated £10,000 termly</p>
<ul style="list-style-type: none"> • Target year 1 children to receive 1:1 RWInc tuition. • Experienced TA to give 1:1 tuition. • Experienced TA support for interventions. 	<p>One to one tuition EEF (educationendowmentfoundation.org.uk)</p> <p>Phonics EEF (educationendowmentfoundation.org.uk)</p>	<p>1,2,3 and 6</p> <p>£3,000</p>
<ul style="list-style-type: none"> • Targeted support for all PPG children across the school for reading, Writing and Maths. 		<p>1, 2,3, 5, 6</p> <p>£40,620</p>

Wider strategies

Budgeted cost: £13,580

Activity	Evidence that supports this approach	Challenge number(s) addressed
<ul style="list-style-type: none"> All PPG to have access to before and after school clubs. 	<p>Arts participation EEF (educationendowmentfoundation.org.uk)</p> <p>There is intrinsic value in teaching pupils creative and performance skills and ensuring disadvantaged pupils access a rich and stimulating arts education. Arts participation may be delivered within the core curriculum, or through extra-curricular or cultural trips which can be subject to financial barriers for pupils from deprived backgrounds.</p>	<p>4 ,5 and 7 £4,800</p>
<ul style="list-style-type: none"> All teachers to receive CPD on recognising trauma to support pupils with SEMH difficulties and mental health and wellbeing. Staff to be upskilled in recognising mental health and wellbeing through whole school CPD for teachers and lunchtime supervisors. Wellbeing whole school days to promote mental health and wellbeing. Mental health and wellbeing texts to be purchased so these are integrated into all areas of 	<p>Teagues Bridge Primary School believes that, for pupils to be successful in their learning it is essential that their mental health and well-being has been supported. It is widely known that 'All behaviour is communication' (Bennathan, 2012) and best practice demonstrates the use of positive relationships being the route to resolving difficulties.</p> <p>As a school community we value the integrated approach to mental health and behaviour. We seek to support pupils in a holistic and equitable way, taking into account but not making excuses for pupil's background, current circumstances and life events.</p> <p>Neuroscience and education EEF (educationendowmentfoundation.org.uk)</p> <p>Metacognition and self-regulation EEF (educationendowmentfoundation.org.uk)</p> <p>Social and emotional learning EEF (educationendowmentfoundation.org.uk)</p>	<p>3, 4 ,5 and 7 £2,000</p>

the curriculum to support mental health and wellbeing.		
<ul style="list-style-type: none"> • Homework - assembly 'The importance of homework. • Teachers to monitor those children that are not able to complete homework at home and provide alternative provision if appropriate. • Option for online or hard copy. • Competition to promote the importance and add value to homework. 	https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/homework	8, 7 £2.400
<ul style="list-style-type: none"> • Importance of attendance - delivered by SAS crew. • Monthly analysis of PPG attendance against attainment. • Attendance action plans for those children with low attendance. • Most improved attendance award for Persistent absence. • Early bird awards for children with persistent absence • 100 club - raffle ticket for everyone who manages 100% attendance each week. Reward - McDonalds voucher 		9 £680
<ul style="list-style-type: none"> • Educational visits and Arthog • Resources, clothing etc. • Arthog outreach 		5, 4, 7 £3.700

Total budgeted cost: £147,200

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022-2023 academic year.

Formal assessments from the academic year 2022-2023 indicate that the performance of disadvantaged pupils was in Phonics was 100% this is above the national average. The National average is 79%. This is 21% above National average for the disadvantaged groups.

Internal Data does demonstrate that in most year groups the gap is closing for the disadvantaged children in reading and maths. In EYFS PPG groups are outperforming their peers in maths and the gap is closing in reading and writing.

End of Key stage 1 data is demonstrating that the gap is closing in reading and maths and in Ks2 writing is in line with non-PPG and the gap is closing in reading. School will continue to support pupils with additional learning needs to make accelerated progress.

PPG attendance for 2022-2023 was 93.12% compared to the overall attendance which was 93.4%. This will continue to be monitored through our three weekly attendance monitoring process and with termly monitoring visits from the Local Authority. This year so far attendance for all groups is 93.4% and for PPG is 94.1%. The National for all groups was 94.7%.

School evaluation demonstrates that we need to continue to focus on embedding quality first teaching approaches to ensure disadvantage children achieve ARE or ARE+ in reading, writing and maths.

To continue to invest in staff to support children with applying the self-regulation strategies within the classroom.

Service pupil premium funding

Measure	Details
How did you spend your service pupil premium allocation last academic year?	Service pupil premium allocation was used to support 1:1 intervention for reading, writing or maths. These interventions were delivered by a teaching assistant to raise the attainment in line with their peers and reduce the attainment gap. In Key Stage 1, the allocation was used to fund additional early reading intervention.
What was the impact of that spending on service pupil premium eligible pupils?	100% of children, who were allocated service pupil premium, are on track in Reading, Writing and Maths at the end of year.
