

 <p><b>English</b></p>	<p>Through our 'Migration' topic, we will be first looking at the stories of migration and focusing on the Windrush children who migrated from the Caribbean to the UK following the second world war. We will be writing reports around the historical facts of this time in history before writing our own fiction stories based in this setting</p> <p>As part of our whole class reading we will read looking at the book 'The Windrush child' by Benjamin Zephaniah</p>
 <p><b>1 5 2</b> <b>4 3</b></p>	<p>In maths, we will be ensuring our understanding of fractions, decimal and percentages are now secure and we can confidently calculate using all three. We will look closely at algebra and how this helps us generalise rules and patterns.</p> <p>We will then move on to measurement and geometry. First looking at how angles are calculated in rectangles regular polygons and triangles before looking at the areas of measure: perimeter, area and Volume.</p>
 <p><b>Science</b></p>	<p>In science we will be investigating the plant and animal world and how different living things can be classified. We will be sorting animals into vertebrates and invertebrates. Then we will move onto the similarities and differences including micro-organisms, plants and animals.</p>
 <p><b>Art and D.T.</b></p>	<p>In art we will be basing our learning around the artists Winston Branch, Lubaina Himid, Jonathan Lee, Duncan McFadyen.</p> <p>We will be looking at how these artists use line, texture and colours in drawing and painting to create specific effects. We will then use this techniques and works by these artists to create our own pieces of art work.</p>
